

Genalog

Genalog Ltd is a 'design in' franchised distributor of electro-mechanical components, HI-REL rugged connector technology and complementary products. Over 300 years collective experience in the connector market.

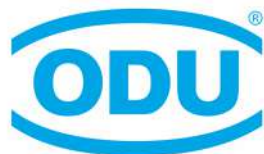

45
Years

We have a highly skilled technical sales team on hand to help problem solve where size, weight, power, and performance are crucial whilst being commercially viable. We offer a bespoke customer service.

Design Solutions

Product ranges to suit all design requirements, from harsh environment applications and mission critical MIL SPEC parts to Medically approved connectors.

Supply & Distribution

Stocking options for all needs: Kanban, JIT, POURS, consignment stock.

40,000 line items and over 5 million parts in stock. Schedule orders over 12 months (at least) from receipt of material at Genalog.
