Dedicated ring-fenced buffer stock agreement

The attached list shows the parts that we will hold for a period of 12-months specifically for you or your CEM's future requirements.

Prices will be fixed for the duration of this agreement, irrespective of any price increases from the manufacturer or currency fluctuations.

Goods (following the initial delivery lead-time) will be held in stock for next-day delivery.

With the exception of those items highlighted all parts can be cancelled without charge at any point as long as they have remained in our possession.

Goods must be called-off/ordered to pack size (where stated).

We will conduct quarterly reviews on the outstanding stock profile and review it accordingly.

Genalog's standard terms and conditions of sale apply (available on request).
